# Foreword

On numerous occasions the members of neighboring high schools have used our ancestry as a means of "poking fun at us." Instead of causing the desired effect they have only aroused in us the realization that we ought to feel proud to be the descendants of the Pennsylvania Dutch.

The Pennsylvania Dutch possess some wonderful qualities which have become a standard to be lived up to by their descendants. As we take our places in the world our greatest responsibility is to perform to the best of our ability any of the tasks which may confront us, so that we may be a credit to the name of the Pennsylvania Dutch.

During the past twelve years we, the graduates of 1946, have been molding our lives and preparing ourselves for the thing which is now upon us—the time when the one path we followed together divides and takes some of us to the east, others to the west . . . But wherever we go we are still Pennsylvania Dutch and that alone is a binding tie.

We have made the Pennsylvania Dutch the theme for our Unaliyi to stand as evidence of the pride we take in our ancestry. It is sincerely hoped that the enjoyment you will get from reading it will equal the enjoyment we received in preparing it.

## Dedication

The class of 1946 has dedicated its Unaliyi to Miss Weinert as a manner of saying, "Thank you" for the countless number of things she has done for us throughout the years.

It was she who acquainted us with the whereabouts of the books in the library which we needed but could not find; she was the one who instructed us in the use of the card catalogue and other library indices; it was through her guidance that we read the proper books for our book reports. Her help was not only limited to the library, but it extended over other activities as well. The willingness and patience with which she helped us with our problems were always accompanied by a warm smile. For these reasons this book is gratefully dedicated to Miss Weinert, a friend we do not wish to forget.

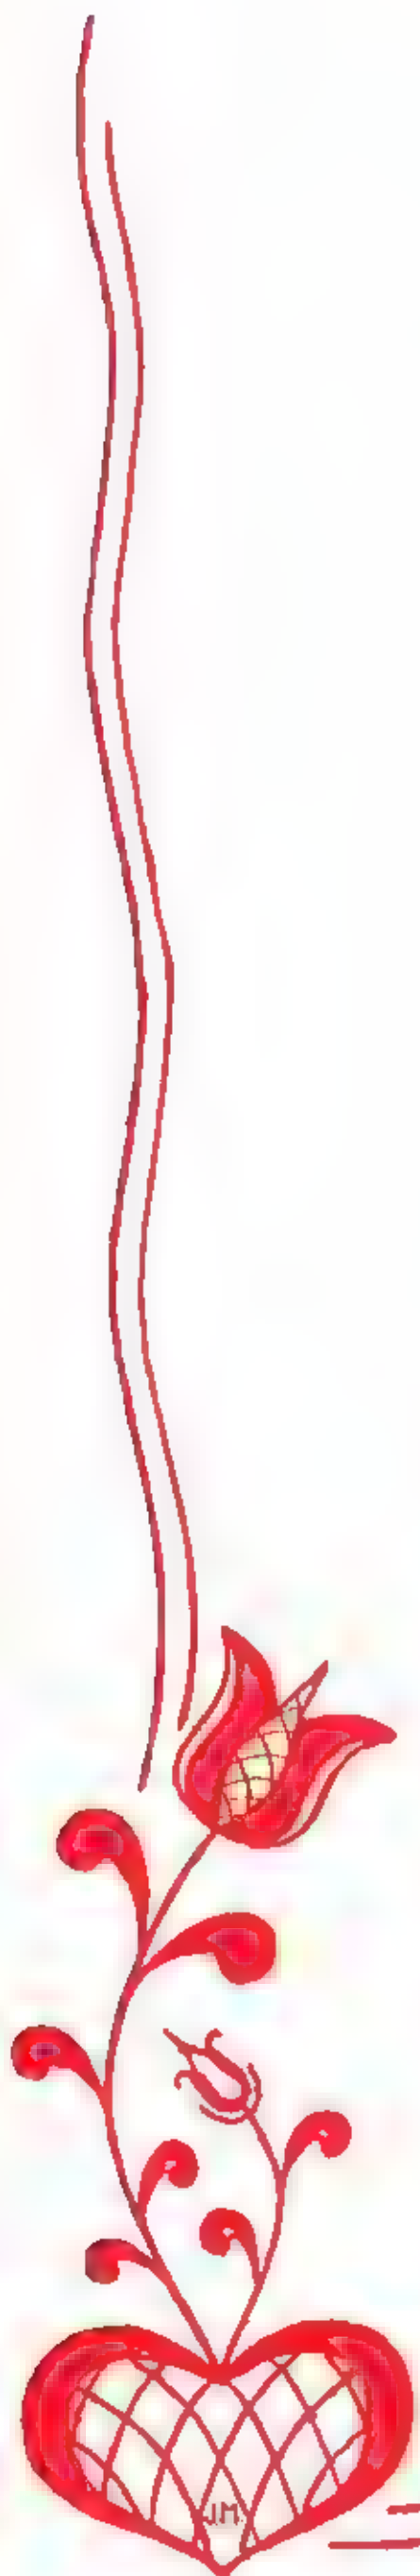

## Principal's Message

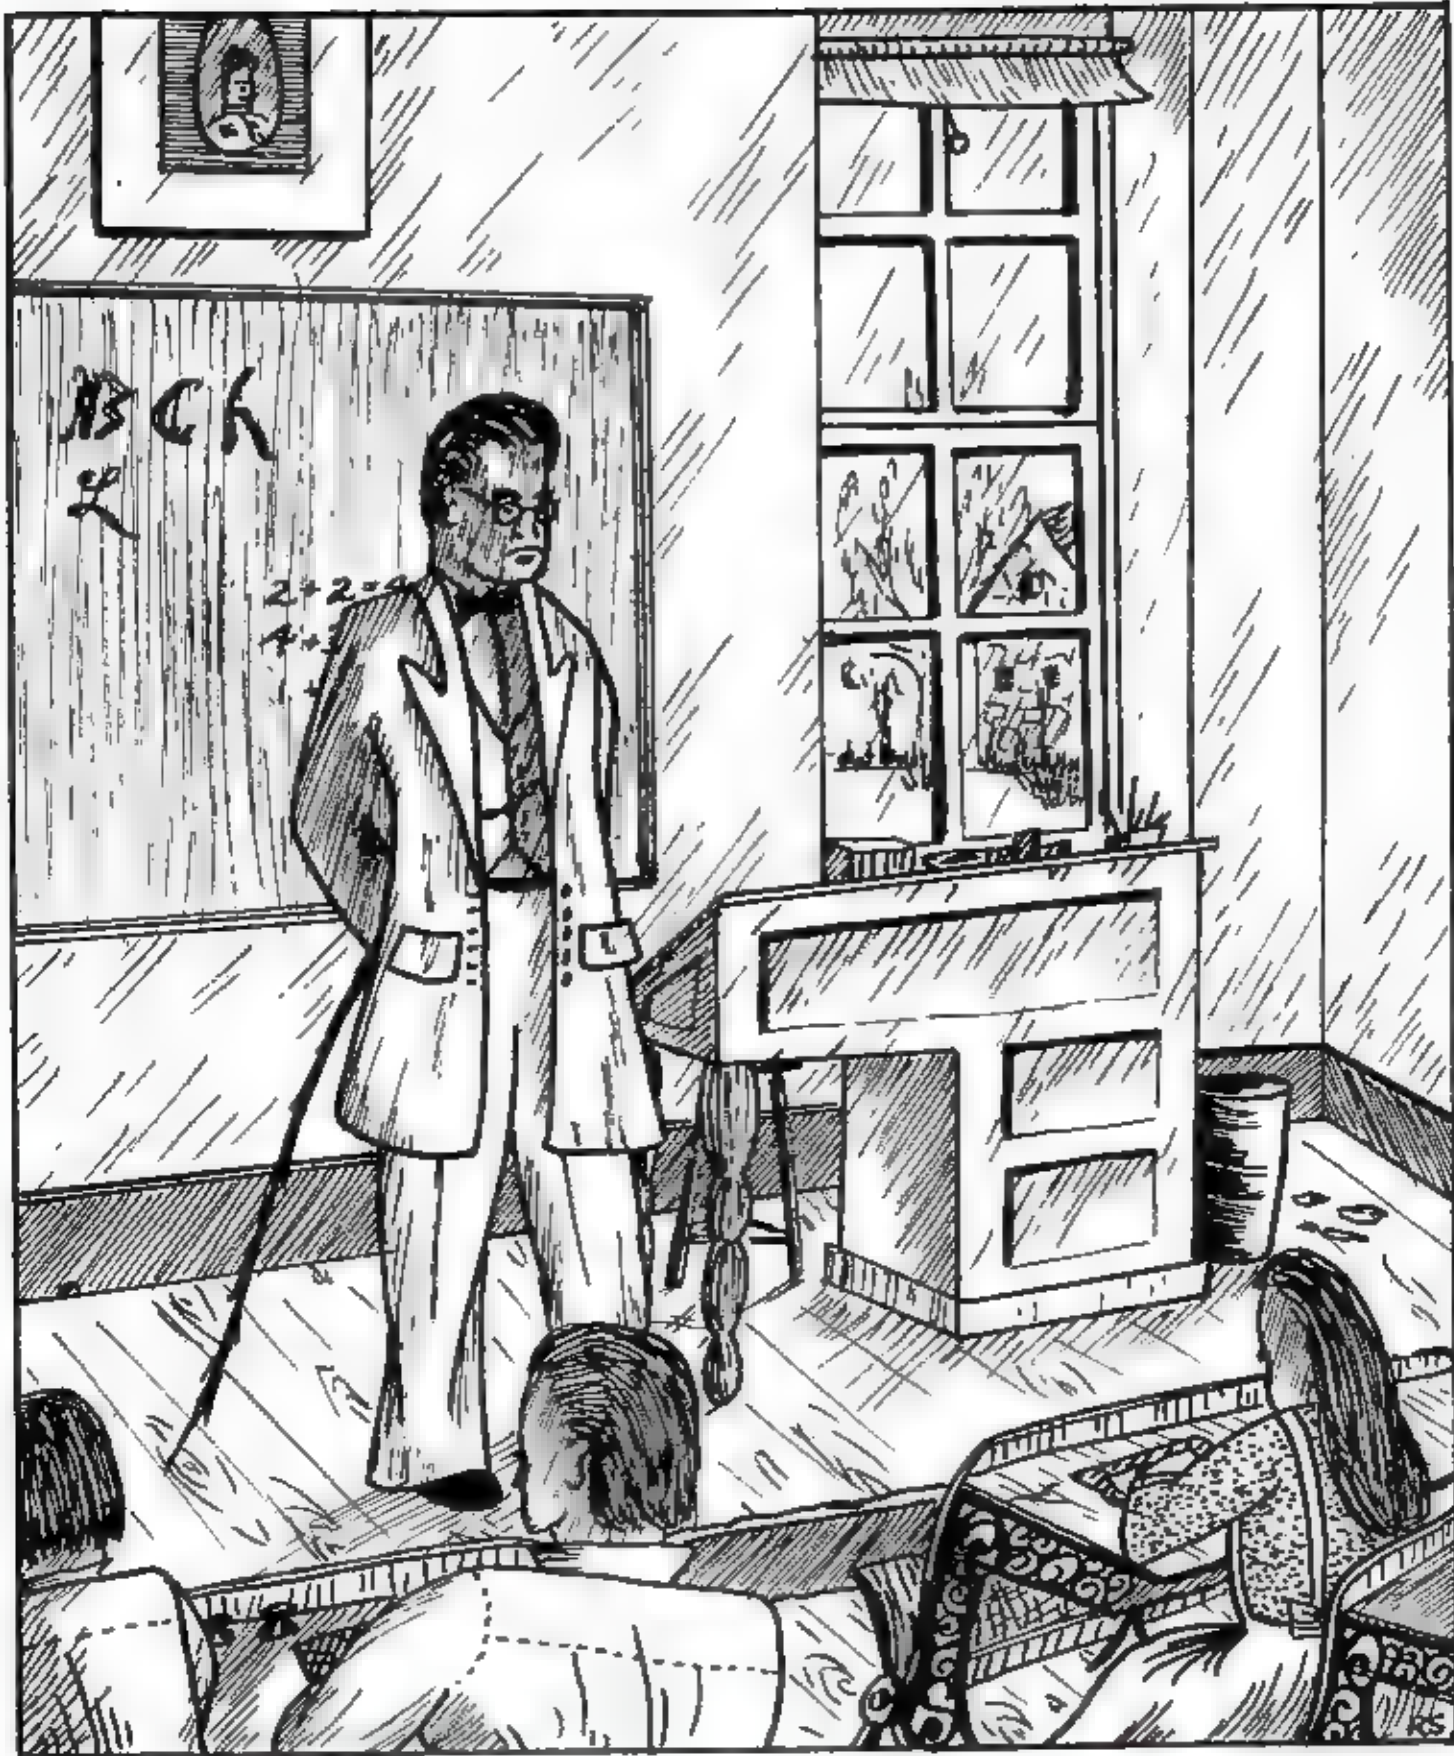

Greetings to the Class of 1946:

Do you believe that "Adventure you will find on the road, not at the Inn"? It is not the goal that counts, it is the quest of the goal. It is not the tip of the mountain that matters, it is the view the climber gets of the next mountain, that challenges him to go higher, higher.

You have gone with us on a little journey to several hilltops, each successfully reached each, higher than the one before. Other hilltops loom. I know you will never be content to stop and rest where you are. You will always be looking eagerly to the next hilltop, to the next opportunity to serve.

music

The musical score is written for a two-part setting (Soprano and Bass) in 4/4 time. It consists of six systems of staves. The first system includes the composer and lyricist credits. The music is in G major, indicated by one sharp (F#). The melody is simple and catchy, with a chorus section starting in the fourth system. The score ends with a double bar line and repeat dots.

## Class Song

Tears and laughter, laughter and tears  
 Blend with the memories of passing years.  
 Mem'ries enriched by friendships true  
 Formed through the years that were far too few.  
 Here's where they started, were nourished and grew  
 To live through a lifetime along with the new.  
 Phases of life which we'll meet 'long the way,  
 They are friendships and memories that shall not decay.

### CHORUS

'Tis only our school that can give us these pleasures,  
 They'll soon be held as our dearest treasures;  
 And may fond memories of our class ever dwell  
 Within thy walls, dear school . . . Farewell!

## Junior Class

**I**N three short months the members of the Junior Class will be full-fledged seniors. It is something they have looked forward to and strived to achieve.

They have shown an active interest in the school and its activities. Earnestness, ambition, and sportsmanship are some of their many good qualities. They are well represented in student council, sports, chorus, band, and assembly programs. They have set a fine example for future classes.

They have been anticipating this time since seventh grade. Now, as they stand poised on the doorstep of their triumphant year, they must equip themselves with the sterling qualities needed to achieve success.

As the honored recipients of an excellent prom furnished by the Junior Class; by participating with them in school activities; by associating with them in social events; by working and playing side by side with them we have been convinced that this class will uphold the traditions of our school which we have gallantly strived to carry on.

# Class Will

E, the class of 1946 of Souderton High School, leaving this school forever, do wish to bequeath to our friends, the lower classmen, those things which we find in our possession at this, the end of our high school career:

Carl Gerhart wills his playfulness in classes to Elwood Groff.

To Pete Williamson we will Richard Musselman's ability to play the bass horn.

To Mr. Heisler we leave a post-war alarm clock, so he'll have an extra reminder to dismiss his class on time at noon when they're all so-o-o-o hungry.

Eugene Schultz can spare a bit of his towering height to diminutive Clifford Murray.

To next year's Senior Class we will "The Extraordinary Adventures of an English Pedagogue," classic stories related in sporadic installment by Miss Fisher. May they be equally well enjoyed.

Our senior boys will their motorcycling techniques to all the motorcycle aspirants in the school.

Margaret Crouthamel has agreed that Ruth Dorn shall be heir to her shy, reserved manner.

To Carl Thompson, so that he will be able to draw a straight line, Randall Snyder has consented to dedicate the whole of his artistic talent.

We commission Harold Culton to teach his brother, Boom Boom, some of his magic tricks. These would prove valuable because Boom Boom could disappear whenever he got into a tight spot.

Grace Kratz's super salesmanship record we will to the sales staff of the 1947 Unaliyi.

Catherine Freed bequeaths her correspondence with "Chocolate" in Africa to anyone who would like to receive monkey skins.

To Miriam Harwick we will Renee Kinsey's acting ability.

Jean Bower's silence we wish to bestow upon Gloria Wolf to use whenever she needs it.

Dennis Kracht's pleasing smile we will to Clayton Moyer hoping he will use it as much as Dennis does.

Marie Grubb's talkativeness we leave to Arlene Breisch.

Joe Musselman and June Hilderbrandt's smooth-running romance we leave with fond affection to Joe Day and Dolores Bolen.

To Mr. Hulsizer we leave an extra strong leaning post.

To Miss Miller we leave a good, square meal.

The vim, vigor, and vitality of "those Harleysville kids" to slow moving Sammy Douglas.

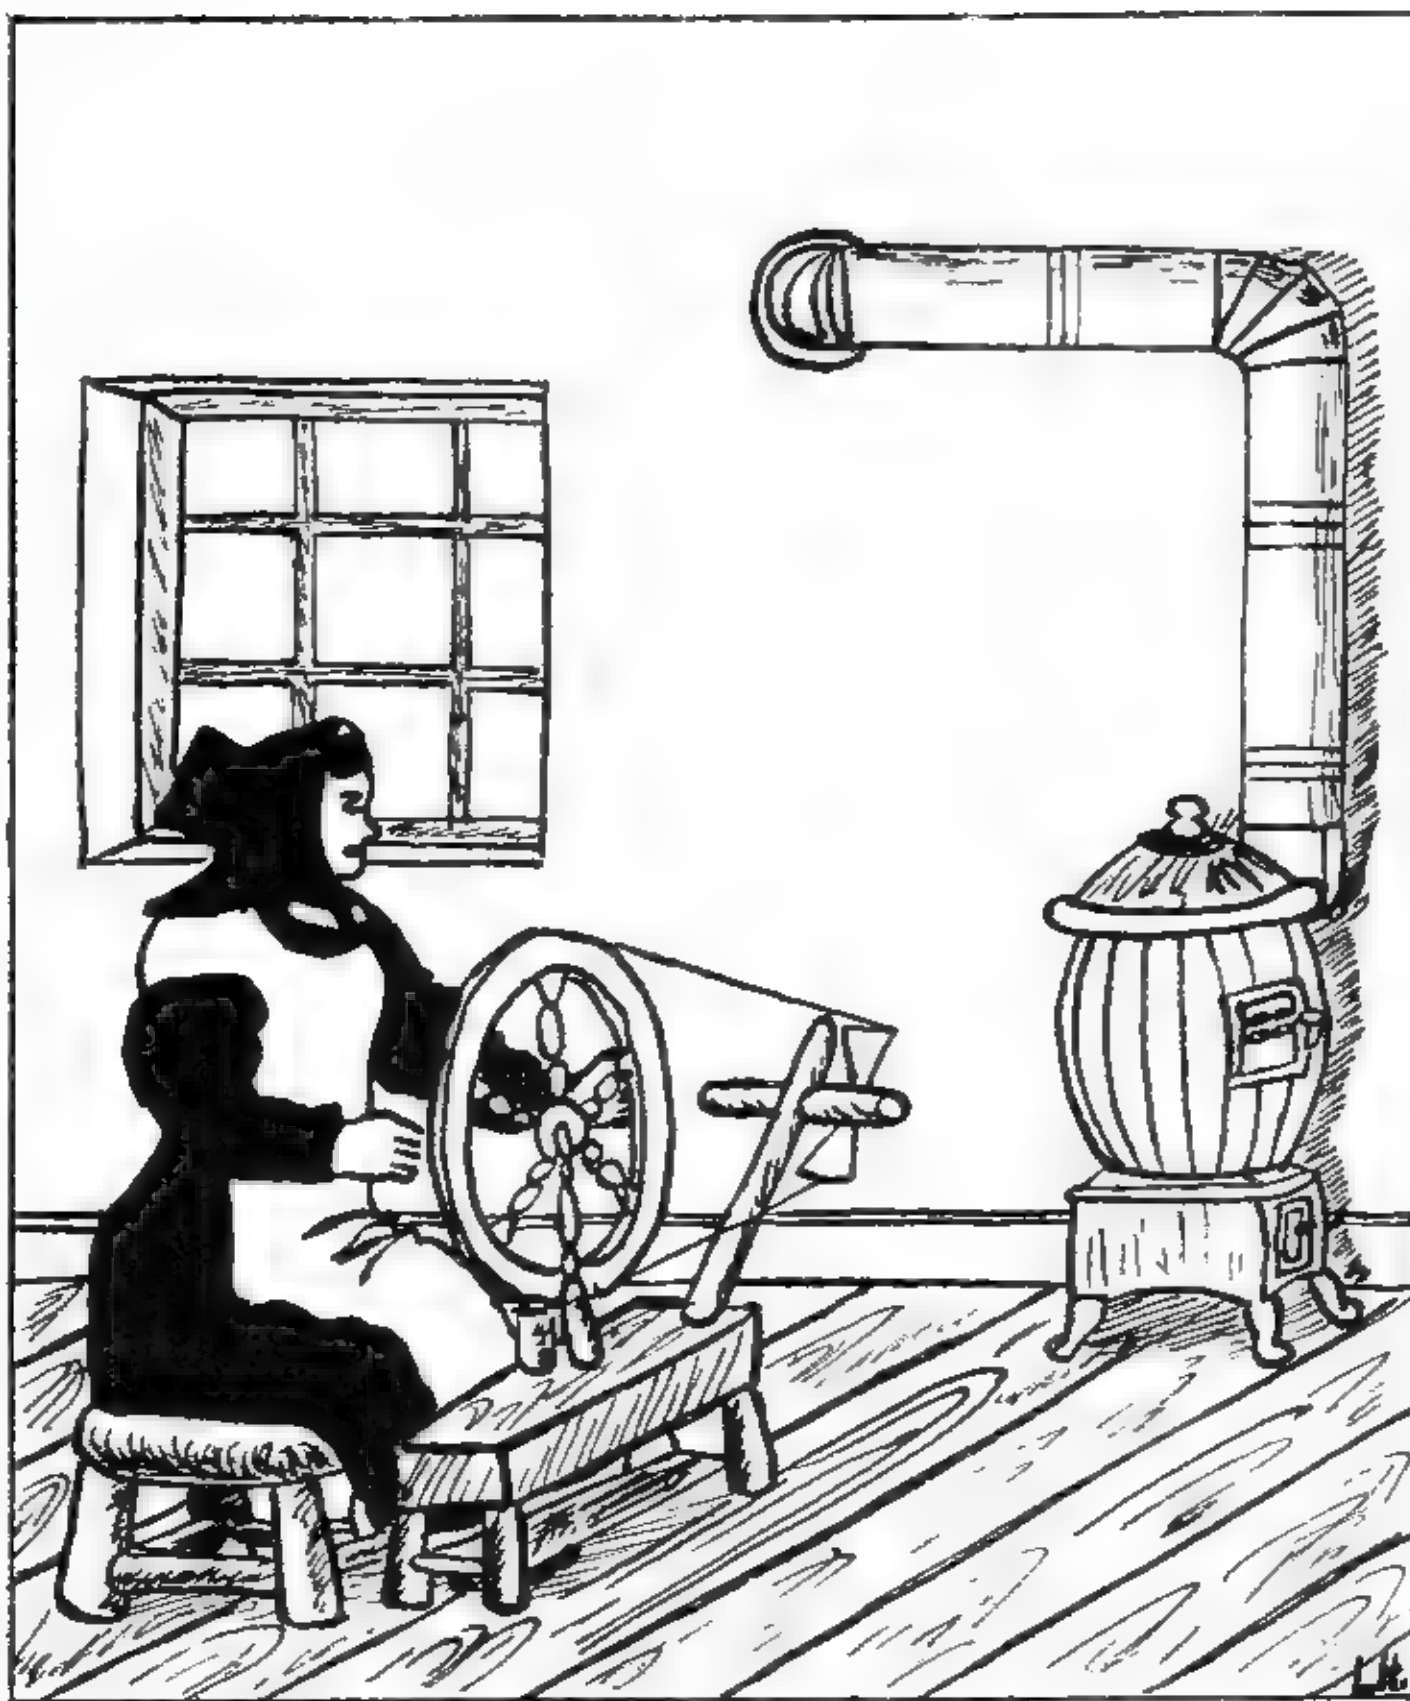

The success of the girls' basketball team we will to next year's teams, both boys and girls, with the hope that they, too, will win the championship.

To our successors, the present Juniors, we bequeath our home room seats, together with any wads of chewing gum, pins and tacks, rotten apple cores, and sticky candy that can be found in the vicinity of the desks.

To the Sophomores we bequeath, as a sacred trust, our good looks, our dignified bearing, and our decorum, in order that, in the future, their good behavior (if they are ever guilty of such) may be said to be the result of our earnest effort to set them a good example.

To the Freshmen we bequeath our excuses, explanations for tardiness, and not knowing lessons when called upon to recite in class. These excuses and explanations will be found very useful, for they have been tried with all members of the faculty and are guaranteed to work.

In witness whereof, we, the Class of 1946, the testators, have set our hand and seal hereto the first day of June, in the year of our Lord one thousand nine hundred and forty-six (1946).

## Activities

## Student Council

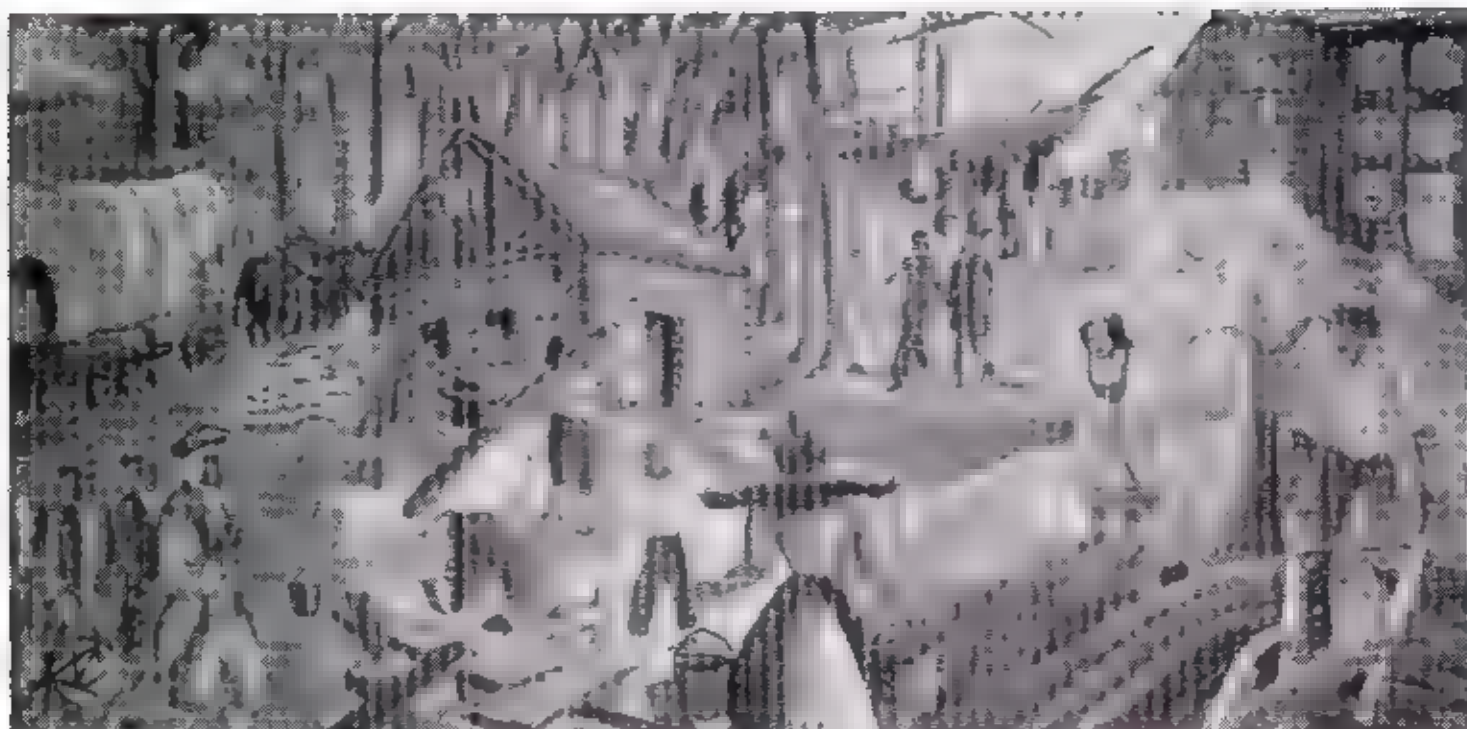

**HIS** year the Student Council was larger than ever before due to a new method of election. Each home room chose a representative besides the usual number chosen from each grade.

The Council is sponsored by Miss Miller, who is an able supervisor. Its principal activity was regulating corridor traffic. They also did a fine job of patrolling the cafeteria rush. Two other activities sponsored were the Red Cross Drive and the March of Dimes. As in the past few years, they have continued to support our war-orphan, Gerson Rottenberg; they have run a Lost and Found department; and have sold War Bonds and Stamps.

The Council has tried to teach the pupils to co-operate with the teachers; to promote a higher standard of honor and to encourage a more democratic spirit in student activities; to develop in its members a finer sense of leadership and democratic government; and to make better citizens of the pupils of S. H. S. These rules are set forth in the Constitution of the S. H. S. Student Council.

Officers for the first semester: *President*, Paul Moyer; *Vice-President*, Guy Claire; *Secretary*, Linda Gehman.

Officers for the second semester: *President*, June Allebach; *Vice-President*, Richard Price; *Secretary*, Evelyn Fries.

## An Early American Mural

THE members of the class of 1946 who belong to the Art Club have made a lasting contribution to S. H. S. in the form of an early American mural. The painting, done in oils on a canvas four feet by eight feet, is a replica of old Philadelphia about the time of the Revolutionary War. In this panorama the colonial people of our state live again as they have been visualized by the artists after a study of costumes and history. The little band of militia carrying Betsy Ross' flag, the quaint houses along the wharf, and the wooden plough were all the products of special research.

Miss Olive Stoner, who filled Mr. Gazdick's position as art instructor while he was in the Navy, directed the work. It was she who incorporated the sundry ideas of club members into a model sketch. Using this as a guide, the students fashioned their mural. A tribute of thanks is due Miss Stoner. The artists gained actual experience because she placed the painting and drawing almost entirely in their hands. She advised, encouraged, and made suggestions where improvements were necessary. We are grateful to her for the success of the project, the first of its kind ever attempted.

The several students whose work is displayed on the canvas are, with a few exceptions, members of the class of '46: Randall Snyder, Shirley Grant, Mary Crouthamel, Claude Pfeiger, and Linford Heckler. Working in the printshop, which was the headquarters for paint, brushes, and art personnel, they enjoyed watching a more assuring glimpse of the picture evolve.

At last the finished painting was moved to a place near the entrance to the cafeteria. As a permanent place for the mural, a section of the wall in the main cafeteria has been proposed. Bright Pennsylvania Dutch designs have been prepared to border it. It is interesting to relate that the idea for using Pennsylvania Dutch in our Unaliyi was partly brought to mind by this early American mural.

## Our Unaliyi—1946

URS is the seventh class which has had the opportunity to add a volume to the history of Souderton High School. Every class has left something—a tradition, a degree of school spirit, a memorial, and formerly, several issues of the Indian Echo. Gladly we follow our predecessors to present S. H. S as it is in our senior year.

The class's personality is reflected in these pages by memories caught by the click of the shutter and stroke of the pen. Here it has been recorded for us and our friends to look upon when the years have separated us from our school. Although the pages may be worn and the photographs outdated, the Unaliyi 1946 will never fade into oblivion on a shelf in some dark corner. Our love and our loyalty pledged to Souderton High will keep it alive.

We can truly say that we have scarcely lived an event before it has been written, photographed, and placed in the hands of the copywriter. The time has passed all too quickly. We had imagined that Seniors lived in a Utopia where there is time to enjoy setting a pace for the lower classmen. But even Seniors cannot stay the hand of time. We have met the copywriter's date and you have received your copy of the Unaliyi.

It may be well to introduce the ones who have worked to make our Unaliyi what it is. We are divided into several groups—editors, biographers, artists, photographers, sports writers, typists, and business managers. These are self-explanatory; you can find us pictured in our several groups on these two pages.

We also wish to thank our advisors, Miss Weinert, Miss Gerhart, and Mr. Harley, for their sympathetic understanding and the way they have faithfully helped us plan this work.

You, as one of the 503 people who have bought a copy of the Unaliyi, also

have a part in our story of success. We thank you. May you find the record of the class of 1946 as accurately and carefully prepared as the six volumes which have gone before.

# Musical Organizations

The future brightened for Souderton High's musical organizations when Mr. Foulke, our music director, returned to his school duties near the end of football season.

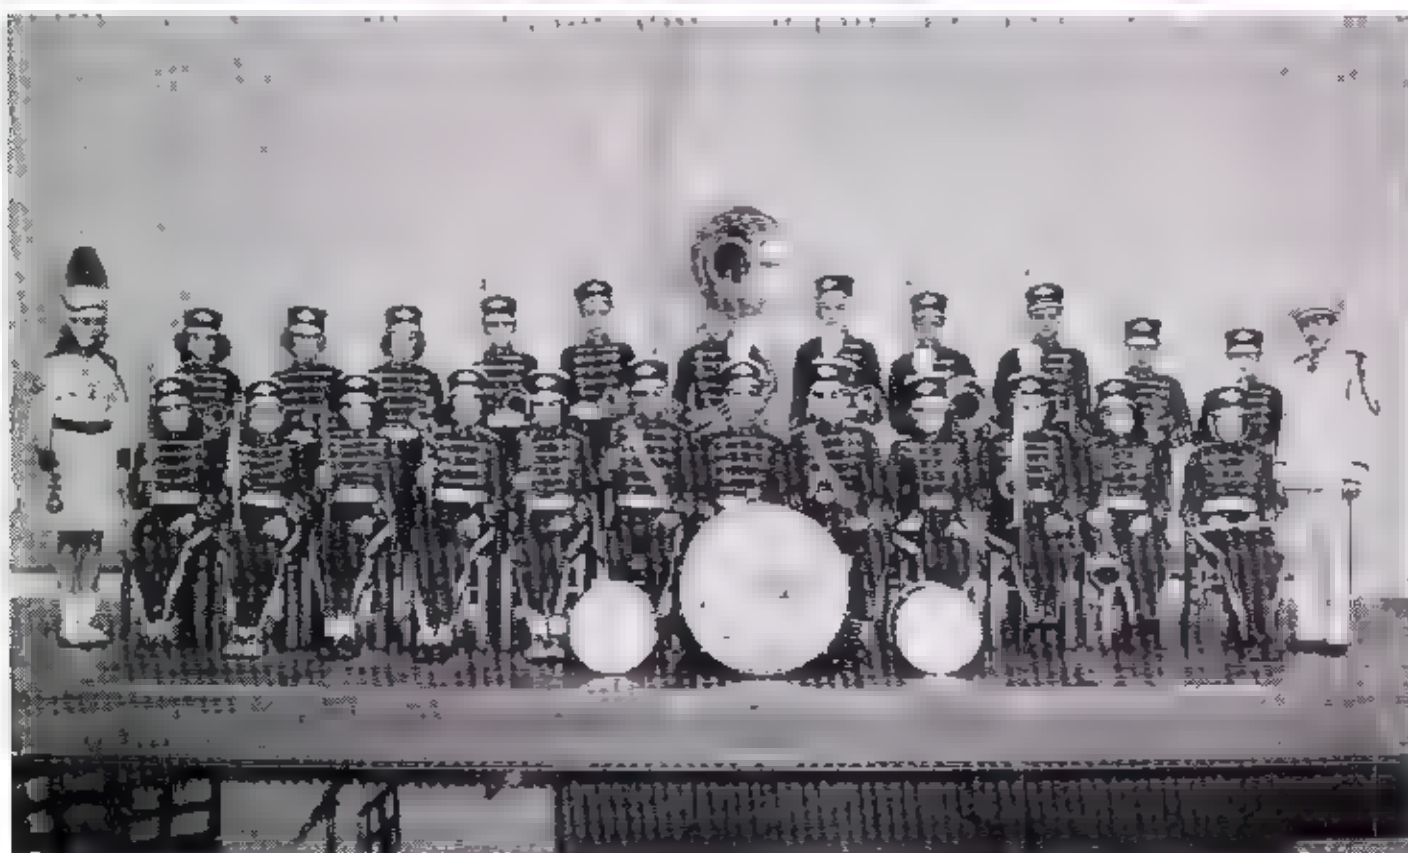

He immediately started a schedule for rehearsals. Monday morning at 7:30 finds the majorettes hard at work on their routines; Tuesday, the percussion section; Wednesday, the brass section; Thursday, the reed section and finally Friday morning, the entire band. Wednesday and Friday after school, the music of the Junior and Senior High Choruses fills the air. The other days are devoted to practices for prospective musicians, cheerleaders and majorettes. Any person who is illegally absent from three rehearsals is no longer a member of that organization. Therefore, there is usually 100 per cent attendance. This system seems to be working remarkably well judging by the excellent performances which have been given.

The Chorus made its debut at the Christmas program when they presented "The Christmas Mystery." It was very beautiful and impressive.

The band made its debut during football season but really concentrated on basketball season. It proved to be a great success with its unique formations. At the first basketball game it started with a fairly simple formation. At each game thereafter the formations became more elaborate and at times varied. Everyone was much impressed at the game on Valentine's Day when the band formed a heart and played "Memories." For the last game of the season, with Lansdale, the band worked hard and presented the most elaborate show of the year before a capacity crowd.

We, the Class of '46, are grateful for the musical experience and pleasure which we have received by being a member of the band and chorus, or by being a delighted spectator at their performances.

Under Mr. Foulke's capable direction and student co-operation, the musical organizations of Souderton High are headed for the success which they enjoyed in the past. Since we cannot stay and be a part of this success, we wish them all the luck in the world.

# "Love Your Neighbor"

On November 17, the class of '46 presented "Love Your Neighbor" which was acclaimed as one of the best plays ever presented in S. H. S. Miss Fisher and Miss Weinert directed it very well.

Now to let you in on the happenings on and off stage that fateful night. Of course there was much hurried preparation backstage which ended with the boys wearing more make-up than the girls. Then the curtain went up as the last notes of the "Flight of the Bumble-Bee" died away. The cast was soon put at ease as the audience joined in the fun when Wingy began his antics with his tuba.

Everyone thrilled to the sight of Johnny coming on stage in a red plaid shirt. The moment they saw him they knew Oswald was going to have some stiff competition for Tessy.

Upon the arrival of Oswald's "uppety" aunt and mother, accompanied by a chauffeur and a great Dane, Tessy wasn't so sure she wanted to marry Ozzie. When Aunt Agatha and Oswald's mother got a whiff of the garbageman, Luke, a friend of the family, they weren't so sure they wanted Oswald to marry Tessy.

When Flora and Maxey brought the great Dane on stage it was the highlight of the evening, for the huge dog decided to steal the show and refused to leave the stage. Flora pushed and Maxey pulled as the audience literally rolled in the aisles.

Although Johnny liked Tessy more all the time, the plans for the wedding continued in spite of the fact that Ozzie caught Johnny kissing Tessy. But everything went hay-wire when Dixie Jones, an exotic southerner, arrived and claimed she was Johnny's wife.

Tessy decided to marry Ozzie immediately but luckily the wedding was interrupted by Maxey, the chauffeur, falling down the steps over Biddy; a swarm of bees getting loose in the chimney, which caused bedlam; and the arrival of the fire company, which had mistaken the smoke-pot used to chase the bees for a fire. Meanwhile Mama, also, was causing a minor riot by enthusiastically spraying everyone with a flit-gun.

Everything finally became straightened out as Dixie realized she had the wrong Johnny; Ozzie realized he loved Dora, Tessy's sister; and Tessy realized she loved Johnny.

## "A Case of Springtime"

The magician's saw slipped! A scream echoed through the halls of S. H. S. And then—that awful, silence which always accompanies a tragedy! Mr. Abernaker, the high school principal, rushed to the side of his daughter, Joan, as the curtains quickly closed shutting off this horrible scene from the audience and ended the prologue to "A Case of Springtime," the senior play.

When the curtains opened on the first act we found Bob, the erst-while magician frantically phoning the principal in an effort to avoid going to school. In the meantime Dickie, Bob's younger brother, in an attempt to display to his girl friend, Gwen, his strength derived from a muscle-building course, tore Mr. Abernaker's formal coat which Bob had borrowed for his magic show. Fearing that Joan might see the damage, the coat was placed in a laundry bag, the contents of which Louella, the maid, had been instructed to dye chrome yellow. During the principal's visit to the Parkers, to demand an explanation for Bob's disgraceful display, Louella reappeared to inform everyone that "I done it."

Bob was in trouble! Joan refused to have anything to do with him and accepted a date with a college freshman declaring Bob to be "too young and unsophisticated" for her. Not willing to see his brother beaten, Dickie stages a booby trap of heating pads, fly paper, pin cushions, and pepper for Joan and her boy-friend. However, the P. T. A. ladies, who were invited to the Parker home to help explain to Mr. Abernaker that Bob wasn't "the sort of boy to play foolish tricks," were the recipients of the hot, sticky, peppery reception. The second act closed as a policeman stormed into the house, placing Bob under arrest for stealing some "rabbits" from the zoo.

Things took on a brighter aspect when the lady from the zoo, Miss Bright, arrived just in time to save Bob from going to the penitentiary by announcing that Bob had not stolen the "rabbits" but had found the zoo's valuable chin-chillas which had gone astray. In addition to his freedom, Bob was also given \$300 for each of the twenty-three offspring. Everyone, including the Parker family, the audience, and Bob felt more at ease as everything turned out all right and Joan forgave Bob.

Thanks to the Fisher-Weinert direction the senior class again produced a success on both March 22 and 23.

## Senior Assembly

The object of the Senior Literary Society is to create and present interesting and educational programs, to conduct the meetings in a business-like manner, and to give individuals a chance to use their abilities.

Senior Assembly is held every three weeks with Junior Assembly and guidance programs filling the intervening weeks. Plays, interviews, music and educational speeches have all been included in our program this year. The addition of the new Hammond organ to our school has also given the pupils a keen interest in assembly programs.

We feel that these programs have met the standards set for them, and we congratulate the committees which planned them and the officers who conducted them so capably.

## Public School News Staff

N the seventeenth year of its existence, the Public School News Staff has again achieved the excellent record of its predecessors. Its weekly section in the Souderton Independent is scanned by students, parents, and alumni for the current happenings at S. H. S.

This year the three senior editors are Hope Treichler, Laura Allen, and Mary Crouthamel. Their assistants, the junior reporters, are Ruth Dorn, Thelma Derstine, and Yvonne Iles; the sophomores are Dorothy Benner, Mary Jane Lederach.

Besides the regular articles of news interest the staff had been writing the weekly features, "Laurels Extended" and "Grains of Sand." These were replaced by interviews conducted by the "Inquiring Reporter"; by the "Servicemen's Rendezvous," a column of letter-excerpts and notes from S. H. S. alumni in the service; and by "Junior High News," the week's outstanding events and humorous happenings in grades seven, eight, and nine.

This year, for the first time, cartoons have appeared. The editorial, honor rolls, letters, previews, as well as the new features have characteristic headings to catch the eye of the reader. "Ramblings," probably the most frequently read part of School News are now found in a column known as "The Long and Short of It," "Just Browsing" or "Through the Keyhole."

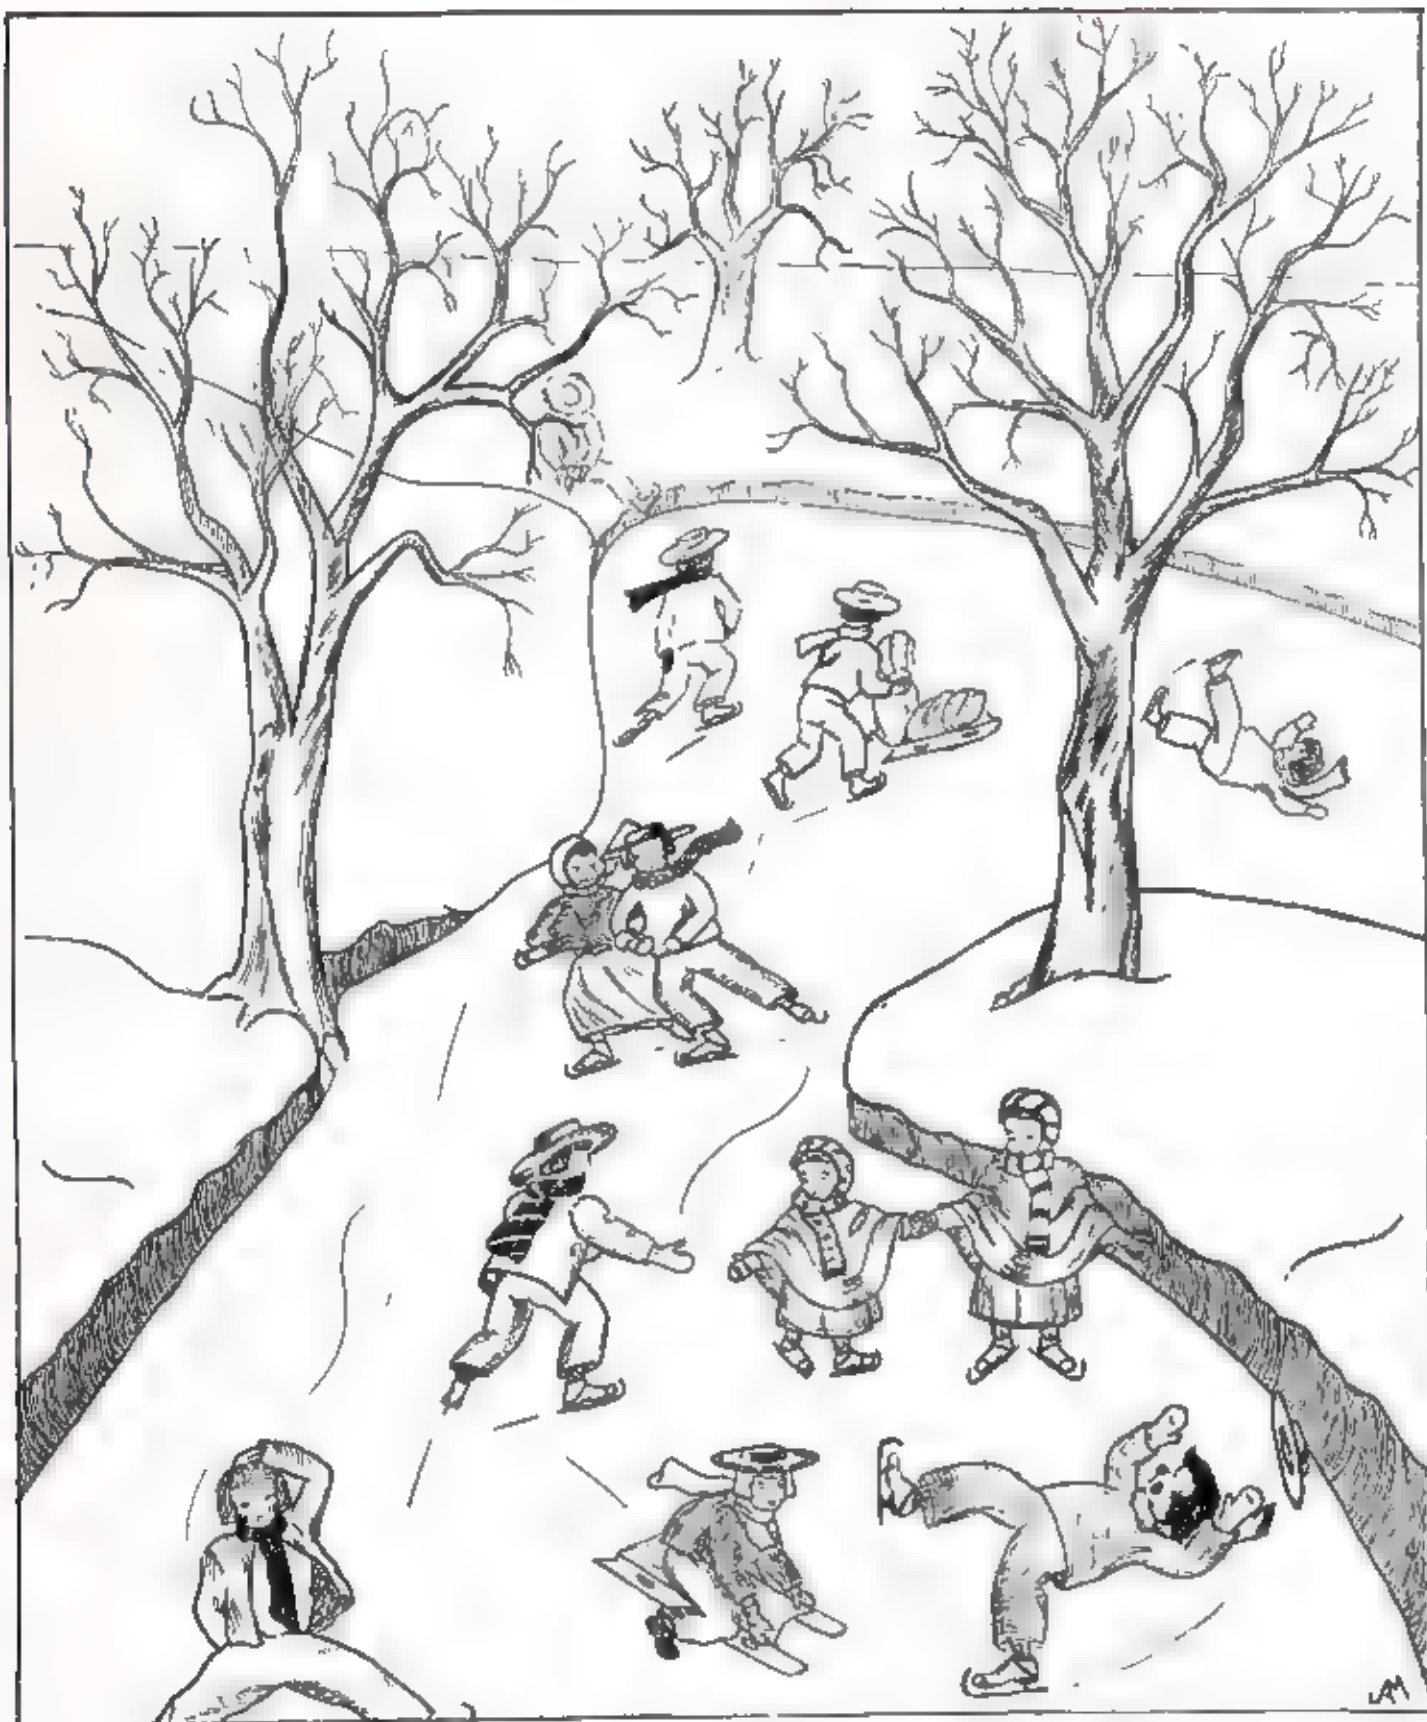

Mrs. Kleist, the faculty advisor, has done much to inspire the staff with the will to write better news. Her co-ordinating and guiding influence has made the present staff a well organized group.

The reporters will always remember the Friday afternoon circle in Room 101 where a little group labored to finish the writing they had left undone and the fun they had at Mrs. Kleist's parties.

The lot of the School News Reporter has always been pictured as hard work. So it is, but the dividends in service and contacts exceed the sacrifices the staff has made.

## Football

After the final whistle blew, eleven down-hearted players plodded wearily from the field. Each one of them was thinking about his various experiences while playing for Souderton High School.

They had not won the championship—so what? Neither had anyone else, since there was a three-way tie—but they had put up a hard fight. They had truly displayed the never-say-die spirit which Souderton High teams possess. When the Souderton lads ran off the field after each game, their opponents knew that they had been in a very tough struggle.

This year the squad consisted of thirteen lettermen, five of whom were seniors. The five seniors were John Dillinger, Edward Bishop, Sam Schuler, Melvin Nice and Henry Cassel.

The eight remaining lettermen, who will be returning next year are John Greenday, Roy Tects, Richard Hedrick, Richard Price, and Clayton Moyer, the juniors; Joe Day, and Enos Young, the sophomores; and Durrell Cassel, a freshman.

# Hockey

Although the 1945 hockey team did not add another cup to our trophy case, it did add another year of good playing and sportsmanship to our record, thanks to Coach Martin and those of you who came out and cheered us.

The girls deserved more victories than they captured; each game lost by the team was lost by only one point. However, they never failed to give their opponents a stiff battle.

The first game of the season, which was played with Doylestown, resulted in a 2-2 tie, but when our team played Doylestown again, we showed no mercy and won with a 1-0 score. The team's second win of the season was on November 1, when the Souderton girls won a game from Sell-Perk High, with a 3-2 score. Even Lansdale, champions of 1945, found our hockey team well prepared for them and learned that the two games they won from the Souderton maids were hard, close games.

The best game of the season was played at Sell-Perk, October 16. Although the game resulted in a 3-2 loss, that game will never be forgotten by either team. With a score of 2-0 at half, the Souderton maids surprised the Sell-Perk team with fast stick-work and tied the score in record-breaking time. At the end of the second half, a few minutes before the whistle, Sell-Perk again tried to score and luck was with her. Before our team had the chance to even the score, the whistle blew and the game ended, leaving our opponent with the winning point.

Special recognition goes to Beatrice Kramer, our goalie. Beatrice's first and only year of hockey proved to be a good one. She prevented Quakertown from making a score on a penalty bully and kept many other balls from crossing the goal line.

All the girls did a fine job and proved their ability to work as one. To the following girls the "S" or a star was presented:

Seniors—Captain Eunice Alderfer, Pat Murray, Doris Fisher, Regina Wamhold, Grace Kratz, Millicent Musselman, Renee Kinsey, Beatrice Kramer.

Juniors—Catherine Cressman, Joyce Godshall, Eleanor Moyer.

Sophomore—Gloria Clemmer, Laura Moyer.

Freshman—Mary Teets.

# Girls' Basketball

Basketball, a popular indoor sport at S. H. S., has passed through another successful season. The Souderton maids once again found themselves on top by capturing another trophy for winning their sixth championship. Only by means of capable leadership, constant practice, and a fighting spirit were the S. H. S. maids able to reach their goal.

The season opened with Hatfield playing on the Indians' floor; after winning this game, the maids went on to win their next six games. The Lansdale lasses were the only ones to overcome the Red and White; but since Lansdale previously had two defeats, and Souderton was undefeated, the Red and White automatically obtained the trophy before the game was played.

The team carried on despite the loss of one player, Beatrice Shoemaker, a tall, fighting guard, who suffered an ankle injury early in the season. Although Beatie was unable to play in the last few games, she had played hard and well deserved her letter.

The following girls received letters this year: Seniors—Eunice Alderfer, Gladys Hangey, Doris Fisher, Beatrice Shoemaker, Renee Kinsev, Louise Clemens, Grace Kratz, Captain Pat Murray, and Manager, Helen Fretz; Junior—Catherine Cressman; Sophomore—Laura Moyer.

The class of '46 wishes to extend the very best of luck to next year's team and captain-elect, Thelma Derstine.

## Boys' Basketball

Our basketball season was not too successful this year although pre-season predictions had indicated a championship team. We made a good start but towards the end of the season the team seemed to go to pieces. Nevertheless, there were many interesting and exciting games.

We lost three very close games—one to Quakertown and two to Lansdale—the second of the latter being a real last-game thriller. The team managed to win four games with twelve in the lost column. We defeated Doylestown and Ambler once and Hathoro twice. In spite of the scores, the boys always went down fighting.

This year's varsity squad consisted of six regulars:

Melvin Nice . . . senior . . . captain . . . good defensive forward . . . second highest in school-scoring . . . excellent pivot shot and under-basket player.

Edward Bishop . . . senior . . . could fill in as either forward or guard . . . always a scoring threat.

Frank Clause . . . junior . . . tall, rangy forward . . . can really score the points . . . lead the league in scoring . . . selected as All-Bux-Mont forward . . . captain for next year.

Robert Chiodi . . . big, husky center . . . always in there scrapping . . . junior that should go places next year.

Roy Teets . . . junior . . . guard . . . known for his one hand pivot shots . . . good defensive guard.

Russell Sell . . . junior . . . strictly defensive guard . . . excellent under-basket player . . . foul shooting artist.

Other members of the squad were Arden Stover, Richard Groff, Joe Day, LeRoy Moyer, Enos Young, Charles Brodhead, Ferril Derstine, Edward Landis, Richard Bishop, and Carroll Rosenberger.

## Junior High School Basketball

Our junior high school basketball squad ended with a fairly successful season. They finished in a tie for second place with Lansdale, having won seven games and lost three. They were beaten only by Doylestown (twice) and Lansdale once.

They had many interesting games. The main factor was the way they came through to win the close games. They won four games by a margin of one or two points.

The team was captained by "Little" Jimmy Moyer. He led the team in scoring with 62 points. The other members of the squad were Laverne Alderfer, Claude Swartley, Durrell Cassel, Bill Feenstra, Charles Frederick, and Robert Landes.

## Baseball

Coach Dal Smoot has a great team this season. The boys have set the championship as their goal and all are confident of making it. There are six letter-men back this year. Heading the list is Roy Teets. He was elected captain and will surely do his part on the pitching end of the team.

Other members of the team back again are—John Greenday, pitcher and outfielder—Edward Bishop, third base—Garland Derstine, first base Wesley Bergey, outfield and Arlin Shisler, catcher.

Frank Claase, Guy Claire, Richard Hedrick, Bill Schuler, Arden Stover, Raymond Shisler and Clifford Murray will fill out the rest of the squad. The main opposition this year will probably come from Sell-Perk and Lansdale.

# Baseball

A pitcher standing on the mound, a tense-faced batter, and a cheering crowd bring back our baseball season. Regina Wambold, the team's capable captain, has had three years of experience and has the required spirit and sportsmanship to lead the team to championship.

Miss Martin has high hopes for this year's baseball team, and it is qualified to meet her expectations. With seven letter-girls including Regina Wambold, Louise Clemens, Gladys Hangey, Florence Keller, Miriam Long, Laura Moyer, and Shirley Dotschkal back, it looks as if our trophy case will be displaying a new, shiny baseball trophy.
